

TECH TIP

Installing Printers and Papercut for Mac

This must be done from within the TouroCOM network. Please connect to "Touro-802.1x" Wi-Fi first.

1. Go to <https://install.med.touro.edu>
2. Open the downloaded "PapercutInstall.dmg" file
3. Right click (or two-finger click) on "PapercutInstall" and select "Open"
4. Click "Open"
5. Enter your computer's credentials
6. Your computer will now connect to the Papercut server. Click "Connect"
7. Enter your TouroCom domain credentials
8. Check "Remember this password in my keychain"
9. Click "Connect"
10. After about 15 seconds, Papercut will now be installed.
